

Parents E-safety agreement form

Parent / guardian name: _____

Pupil name(s): _____

As the parent or legal guardian of the above pupil(s), I grant permission for my daughter or son to have access to use the Internet, LGfL e-mail* and other ICT facilities at school.

I know that my daughter or son has signed an e-safety agreement form and that they have a copy of the 13 'rules for responsible ICT use'.

I accept that ultimately the school cannot be held responsible for the nature and content of materials accessed through the Internet and mobile technologies, but I understand that the school will take every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials. These steps include using an educationally filtered service, restricted access email*, employing appropriate teaching practice and teaching e-safety skills to pupils.

I understand that the school can check my child's computer files, and the Internet sites they visit, and that if they have concerns about their e-safety or e-behaviour that they will contact me.

I will support the school by promoting safe use of the Internet and digital technology at home and will inform the school if I have any concerns over my child's e-safety.

* At this school we only use London Grid for Learning with pupils. The email is 'safe' as pupils can only email others in their class. Where we choose to let pupils communicate with others outside of the school, we only do so with those approved by the school. We tell pupils to never give out their email to strangers unless they have approval.

Keeping pupils safe: stop, think, before you click!

Use of digital images - photography and video

To comply with the Data Protection Act 1998, we need your permission before we can photograph or make recordings of your daughter / son.

We follow the following rules for any external use of digital images:

If the pupil is named, we avoid using their photograph.

If their photograph is used, we avoid naming the pupil.

Where showcasing examples of pupils work we only use their first names, rather than their full names.

If showcasing digital video work to an external audience, we take care to ensure that pupils aren't referred to by name on the video, and that pupils' full names aren't given in credits at the end of the film.

Only images of pupils in suitable dress are used.

Staffs are not allowed to take photographs or videos on their personal equipment.

Examples of how digital photography and video may be used include:

- Your child being photographed (by the classroom teacher, teaching assistant or another child) as part of a learning activity; e.g. photographing children at work and then sharing the pictures on the Interactive whiteboard in the classroom allowing the children to see their work and make improvements.
- Your child's image for presentation purposes around the school; e.g. in school wall displays and PowerPoint[©] presentations to capture images around the school or in the local area as part of a project or lesson.
- Your child's image being used in a presentation about the school and its work in order to share its good practice and celebrate its achievements, which is shown to other parents, schools or educators; e.g. within a CDROM / DVD or a document sharing good practice; in our school prospectus or on our school website. In rare events, your child's could appear in the media if a newspaper photographer or television film crew attend an event.

Note: If we, or you, actually wanted your child's image linked to their name we would contact you separately for permission, e.g. if your child won a national competition and wanted to be named in local or government literature.
